Suicide Prevention in Primary Care: Key Roles and New Opportunities

Presented by:

***The Health Resources and Services Administration
The Suicide Prevention Resource Center
Valley Community Health Center, North Dakota
Jefferson Plaza Family Health Home - Jefferson Center
University of Washington School of Medicine/Luxton Labs LLC***

DESCRIPTION:

This webinar is intended to build knowledge of suicide prevention activities in primary care settings and increase strategies to address this critical issue. The webinar will begin with a profile of suicide in Region 8 states, followed by an overview of key roles for primary care providers. Presenters will then highlight suicide prevention strategies, including Gatekeeper Training programs, integrating suicide prevention into a patient's chronic care continuum, and an evidence-based practice that primary care practices can easily employ. Suicide prevention tools and resources will be included.

AGENDA:

- **Overview of Suicide in Region 8**
- **Key Roles for Primary Care**
- **Gatekeeper Training Programs**
 - ***Choosing a Suicide Prevention Gatekeeper Training Program – A Comparison Table***
 - **Question. Persuade. Refer. (QPR)**
- **Managing Suicide Risk in Primary Care**
 - **Chronic Illness Analogy**
 - **Caring Contacts: An Evidenced-Based Intervention**
- **Tools and Resources**
- **Audience Questions**
